Meeting with [REDACTED] 26 May 1960

25X1X7

[REDACTED] requested a conference with me at which he showed me an article in the latest [REDACTED] on a deferral in 25X1X7 West German Antarctic operations. He used the occasion to ask for recent information on Soviet developments. [REDACTED] 25X1X7 was told of the recent Soviet establishment of temporary weather stations, an activity to which the Soviets invited [REDACTED] 25X1X7 to participate. I ventured an opinion that this was done for political purposes in order to allay [REDACTED] suspicions of 25X1X7 continued Soviet operations in the Antarctic claim, and to establish closer rapport [REDACTED] 25X1X7 [REDACTED] I asked him to get me all available information on the details of the Soviet invitation.
